3 Bedrooms, 2 Baths, Office & Study

# Hays

This home's foyer leads into the expansive living room with fireplace. The dining room, with a 9' patio door, is open to the kitchen and living room featuring post and beam detail between the living and dining rooms. The gourmet kitchen includes an oversized island. The master suite features a large walk-in closet, double sink vanity, whirlpool bath and 5' shower with dual showerheads. Two additional bedrooms with walk-in closets, an office and study complete this home.

This home is designed to have the garage, two bedrooms and study built by Wardcraft and delivered to your job site, eliminating the need to build your garage on-site.

Shown with 8/12 roof pitch.
